Hi! I'm a software engineer living in Verona. I have a strong passion in informatics and electronics. I currently work as a software engineer in IOTINGA, a company specialized in IoT products and industry 4.0. I got a Master's degree in Computer science and engineering with the specialization in cybersecurity at the University of Verona, where I also got a bachelor's degree. In my spare time I'm an instructor for the CyberChallenge.IT program at the University of Verona. I did work as a tutor for the Italian Olympics in Informatics.
